YOU'VE BEEN HIRED AT FILSPAY

01
AUDIT
Find security holes, money bugs and anything that breaks.

02
FIX
Fix each bug with the smallest change that works.

03
EXPLAIN
Write a short note for each bug: what, why, and what it breaks.

04
BUILD
Finish the missing feature and host it on Dilmune Cloud.

And while you work, follow the clues to find out what happened to the last developer.

OPEN YOUR CASE FILE

BRIEFING CARD

Your job, the repo map, where to start and how you score.

FINANCE MEMO

What the finance team noticed before the audit.

INCIDENT LOG

Support tickets, incidents and a handwritten note.

YOUR REPO

GitHub link in the WhatsApp group and on screen.

Every page is a clue. Read them all before you touch the code.

GET THE CODE

1. Get the GitHub link from the WhatsApp group, or scan the QR
2. **Fork** the repo to your own GitHub
3. **Invite us** to your fork. Who to add comes with the submission instructions
4. Start reading. Your case file is your guide
